

Share the benefits of a credit card with an additional cardholder

Please complete and return to:

The Co-operative Bank, PO Box 4931, Swindon, SN4 4PL.

Sign up now and enjoy the benefits of having an additional cardholder on your account

Please note: the main cardholder will be responsible for any spending by additional cardholders. Additional cards have to be activated by the main cardholder.

You can use your Co-operative Bank credit card wherever you see the familiar Visa symbol; in shops, garages, restaurants and online. But you don't have to keep the benefits to yourself. Your partner, or another member of your family (provided they are aged 18 or over and a UK resident), can have an additional card on your credit card account. You can then share the convenience.

Increased control

With two cardholders, your Co-operative Bank credit card gives you even more ways to control your finances:

- You can use your card to pay for all your shared expenses – groceries, petrol, even holidays
- Your statement will show details of purchases on all cards on your account
- You don't have to worry about your additional cardholder having enough funds available in an emergency.

You and your additional cardholder share the same credit limit – if you would like to request an increase to your credit limit, simply call **0345 600 6000*** (8am to 6pm Monday to Friday, 9am to 5pm Saturday and Sunday), or request a credit limit increase through your online banking.

Adding an additional card on the same account is free. Just complete the attached form to apply for an additional card, then you and your additional cardholder can share the benefits of your Co-operative Bank credit card.
